Sir:

Amendments

It is understood that the amendments filed 8/1/2006, 11/16/2006, and 2/12/2007 have not been entered, since they are held non-compliant. Also, the Preliminary Amendment filed with this National application on 01/22/2004 (about 3 ½ years ago) is in the file and any current amendments made to those (once amended) claims will not include the markings made in that Preliminary amendment.

Therefore, in response to the Office Action dated 10/11/2006, a current set of claims 1--20 is presented on the following pages 3-7, with the proper status identifiers, per 37 C.F.R § 1.121 (c) and following.

The new (replacement) Abstract appears on (separate) page 2, without underlining, as suggested by the Examiner.
